Norwood Hotel Fire

Miss Lillian Buckingham, who became acquainted with many Mokena people when she gave a movie-lecture on her travels about a year ago in the Mokena school, was a resident of the Norwood hotel, Chicago, that burned recently. She had lived in the hotel for 30 years.

In describing her experience in the fire, which took the lives of three people, she said she was awakened about 3:30 that Sunday morning by a man running through the corridors yelling "Get out." Her sister who is the head of nurses at Barnes' hospital, St. Louis, had come the day before to spend a few days with her.

Miss Buckingham put her fur coat over her night clothes and stopped only to take her check book and purse. Her apartment, which was located on the third floor, was destroyed. She escaped by the stairway as the elevators were full of smoke. She was forced to stand in water for some time and had to remain in her night clothes until Sunday night as no one was permitted to enter their quarters to check their losses until then.

Her valuable films, camera, typewriter and most of her clothing was saved but her furniture was badly damaged by water.

Cubs to Meet Tonite

The corral meeting of the Cub Scouts of Mokena will be held at the Bar 40 headquarters, the Mokena school, tonight, November 29 at 7:30 p.m. All parents of Cub Scouts and mavericks and Cub leaders are asked to be present.

A chuck wagon feast will be a feature of the evening and local talent will furnish music in the western theme. Den 5 will put on a puppet demonstration and all dens are requested to bring and display their crafts in the corral.

The round table held November 14 was attended by a few Den mothers and leaders. The round tables provide a basic training course and it is to the advantage of all Den Mothers and leaders to attend. Credits will be awarded for each round table attended.

An announcement of a meeting at Coal City, December 9, will be made next week. The local corral meeting for December will be an important one as the group has gone over the top in acquiring new members and the mortgage will be burned; the mortgage that was based on recruiting new mavericks.—James Murphy, Cub leader.

Mokena School News

Fourth and Fifth Grade News

The fourth grade correlated penmanship, arithmetic, language, history, and geography in making a September picture. Each child looked up the meaning of the ninth month in an encyclopedia and wrote an appropriate poem for his art work. Several of them made up their own poems.

Our room has been enjoying puppet shows put on by Fred Kieslar, a member of the fifth grade.

The fifth grade history class made booklets of "Why Men Wanted to Reach the Countries of the Far East" using the encyclopedias for all information. The 13 central states were thoroughly studied by using maps, encyclopedias, textbooks, and magazines. This project proved successful for the fifth grade, as well as educational.

Arithmetic has been incorporated with other subjects in placing cities and countries mathematically. Rulers and the memory of the multiplication tables are frequently used for measurement in science.

CHRISTMAS GIFT
AND BAKE SALE

Group two of the WSCS of Mokena, with Mrs. Jessie Sippel as chairman, will hold their annual Christmas gift and bake sale this Saturday, December 1 in the Cooper & Hostert garage. SQUARE DANCE

The Frankfort PTA will sponsor a square dance tomorrow night, November 30 in the Frankfort school gym, starting at 7:30 o'clock. Everyone is invited.

At the regular meeting of the Mokena Civic Association last Wednesday, plans for Christmas celebration for the community were discussed at length.

Of especial interest to the 'young-uns' will be the festivities which will attend the arrival of Santa Claus. All arrangements are in the capable hands of Harley Mann, Mrs. Kenneth Sherwood and Norval Robinson. Complete details will be announced later.

The 'older-uns' also will have the opportunity to add to the total Christmas cheer. An exterior Christmas display contest will be held with cash prizes to be awarded for the most original, unusual and attractive displays. This contest is open to every resident of Mokena and immediate vicinity, and it is suggested planning should be started at once.

Mrs. George Bills, representing the Scout organizations of Mokena, presented a proposal to the Civic Association, which sponsors the Brownies, Girl Scouts, Boy Scouts and Explorer Scouts of Mokena, that consideration be given to providing an adequate meeting place. President Charles Swanberg appointed a committee to make proper investigation.

Walter Shewski, our Scoutmaster, presented a bill for the current expenses of the Boy Scouts. Following motion to this effect, the treasurer was instructed to issue a check for \$70. to cover this bill.

The Association voted a \$200. contribution toward replacement of the stage curtain in the Mokena public school auditorium. The Mokena Little Theatre Group has already completed arrangements for securing the curtains and are co-donors.

Unfortunately, the two Mokena men who were invited to speak at this meeting were unable to attend, but the meeting was concluded with two interesting and informative films shown through the courtesy of Al Sorensen and the General Electric company.

The next meeting of the Mokena Civic association will be held December 19, when Mr. M. R. Sumption, Bureau of Research and Service of the University of Illinois, will discuss the school survey in District 210 our new high school district.

Opportunity For
All to Help

During the past week over 34,000 letters, stuffed with TB Christmas seals went into the mail and out to Will county residents.

At this time, Dr. W. V. Hedges of Frankfort, expressed the hope that \$27,500 which is needed for the support of case-finding, diagnostic and educational work, would be the result of the Seal sale this year. The doctor, who is the general chairman of the project for this county, also stated that 96 per cent of this money remains in Illinois and most of it in the county.

Tuberculosis which was once the leading killer in Illinois, has been demoted to eighth place in the death cause in the state, and much of this improvement is the result of the early case-finding and subsequent treatment made possible by the sale of these little seals.

With 2,215 deaths reported from the disease in the state in 1950 there is still much to be desired, and the early return of your Seal funds will be a big help to those in charge.

Following the breakfast the men attended the regular morning service in the church.

Most of us are of the opinion
 that man and his destiny are
 God's principal concern. But a
 Creator of justice and love must
 surely hold His lesser creatures
 in an almost equally warm and
 charitable place in His heart.
 The faithful dog and many oth-
 ers are worthy of lasting recog-
 nition and some type of eternal
 reward. For no act of good can
 be lost in the ages nor in the
 Mind of the Almighty; and I like
 to think that somewhere God
 has chosen a special place for

 Keeping the rodent invaders
 away,
 Mutely surveying the sleeping in

 And taking out shelter for pay

Barney is different from people
 of earth
 For his labor is selfless and
 fine;
 He lives for his task, his task is
 his life—
 What purpose is nearer divine?

He may be lost in the shadows

 Or the forms of the cattle and

 But Barney stands out heroic

 In the farmer's affectionate

TWO-PARTY SYSTEM MUST BE PRESERVED

Will the two-party system survive?
This question now squarely confronts the American people. The answer to this question is the answer to the question of whether we remain a free people or become mere pawns of the state, with the government assuming complete responsibility for the security of her citizens from the cradle to the grave and for the continuous operation of the entire machinery of business and of farming.
A one-party government is a totalitarian government, the same as Hitler's, as Mussolini's, as Stalin's. It can be nothing else, no matter what reassurances its proponents hand us. Men and women with the vision to see twenty-four hours ahead must see in it the loss of everything our boys have fought for in two World wars and in a third undeclared war which we were pushed into by executive fiat. Its loss means the establishment of a complete socialistic state, with an all powerful government regulating our lives as completely as they are regulated in Great Britain—or Russia—with the government endowed with the power to compel American workmen and office workers to move from one job to another, or even to go far from their homes. We are already far down that road, as everyone knows.

Do we want all this to happen?
We still have the power of choice. But that power of choice will be gone if the Republican Party loses the election in 1952.

It is not only the duty of the Republican Party to preserve the two-party system, but the duty of the voters. That is their only safeguard against the totalitarianism we hear so much about and for which we are spending so many billions of the tax payers' money to remain free from them. The two-party system alone can provide the checks and balances needed to restrain an all powerful state.

It is a sad commentary on our leadership that we, the people of the United States, the strongest nation in the world, are today the most threatened, the most fearful, and the most tax-burdened people on earth. Small nations all around us are living in comparative peace and security, while we, the only nation that has ever given away billions to make friends, huddle together in fear of the giant we built up.

The obvious plight of our country, a plight which no one can deny, has been brought about by the party which has been in continuous power for 19 years, should move every American to a fervor and determination to bring about a change in leadership—our only salvation.

The two-party system must be preserved, if individual freedom is to be preserved. It can only be preserved by a change of leadership and by a Republican victory in 1952.

'There Is a Tide'

Lesson for December 2, 1951

"There is a tide in the affairs of men, Which, taken at the flood, leads on to fortune; Omitted, all the voyage of their life Is bound in shallows and in miseries."

SO Shakespeare said, and he was at least half right. Opportunity sometimes knocks twice; but don't count on it.

The Bible lesson for the week is a failure-story, not a success-story. It is the story of some persons who contracted the grasshopper complex, a mental disease that still attacks people today. The story is from the wild days when the Israelites, now two years out from Egypt, were first knocking at the doors of the Promised Land.

The Israelites were land-hungry, but the only land they wanted was what we now call Palestine and it was not theirs for the asking. They would have to fight for it, every foot of it. They all knew this, Moses knew it. There was no going back to Egypt and slavery. Nobody wanted to stay in the desert. The obvious thing was to go ahead into Palestine. But there were two questions filling the people's minds: (1) What kind of country is it, really? and (2) can we fight our way into it?

Investigating Committee
SO a committee of investigation was formed, of one man from each of the twelve tribes,—grown men, trusted leaders, by no means "boy scouts."

Don't think of these men as sneaking through Palestine from bush to bush, peeping out Indian fashion to see what they could see. They walked into Palestine, not unobserved but unmolested. They spoke Egyptian, of course, and could easily pass as Egyptian traveling salesmen. They spent around six weeks in that country, visiting the cities, no doubt talking with the people.

In late summer they went back to the encampment on the edge of the desert, carrying with them some of the fruits of the land. (Incidentally, those pictures showing bunches of grapes six feet long are a funny misunderstanding. Palestine has good grapes, but not quite that good! They carried the grapes on poles because that was the best way to keep them from being crushed.)

At the big mass-meeting at the desert camp, the twelve made their report. On the facts, they were all unanimous. It was a wonderful country, "flowing with milk and honey," a great country for cattle and bees. Palestine did look marvelous to their desert-burned eyes. But on question number two there was a serious division: Can we fight our way in? Yes, said the minority of two. No, said the majority of ten.

Grasshopper Complex
THE majority put their reasons in a single revealing sentence: We were as grasshoppers in their sight, they said, and so we were in our sight.

Nowadays we call this state of mind the "inferiority complex"; our name is a new one for an old trouble. Think of yourself as a grasshopper, and grasshopper is what you shall be. Take yourself at other people's lowest estimate, and that is all you will be worth.

The trouble with the grasshopper complex is that it is catching. The majority report was wrong, as majority reports so often are. But the people believed them rather than the courageous pair who stood up to declare boldly, We can do it, with the help of God.

Well, what did God do about it? That is perhaps the saddest part of the story. He did nothing about it. He let the people impose their own sentence. Grasshoppers? Very well, so be it. Grasshoppers die, they never amount to anything, no one bothers to kill them, they just die. God was believed to strike men dead in anger, or command the earth to open and swallow up the wicked, or hurl lightning from the skies on his enemies. But he wasted no miracles on these self-elected grasshoppers. He only let them die. Ten, twenty, forty years . . . just drifting about in the wilderness, till they all died, and a new generation took their places.

Opportunity did not knock twice. There was a tide in those men's lives.

From where I sit... by Joe Marsh

"Fair and Square"

We've just had a political campaign with everything from a torch-light parade to a neck-and-neck ballot box race.

Rusty Robinson, with no campaign funds, planned his Election Eve speech for the Square. Slim McCormick, who owns the Palace movie house, was finishing up his campaign in Pioneer Hall.

Then it began to rain. Rusty's political career was fading out in the damp when Slim showed up to say that Robinson people could meet in his theatre—for nothing. "I want to beat Rusty," Slim said,

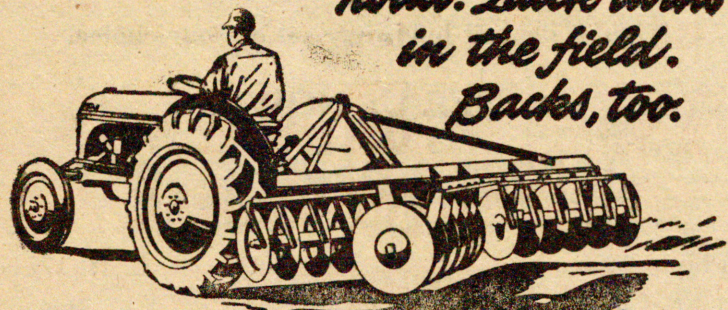

"but certainly not with rain!"

From where I sit, you've got to give Slim credit for acting on his belief that everyone has a right to be heard—just as everyone has a right to his own opinions and tastes. Maybe you like hot coffee, for instance, when you "take a break." Well, my vote goes for a refreshing glass of beer. After all, we're lucky to be living in a free country where we can have our own preferences!

FARM EQUIPMENT

TANDEM DISC

with built-in angle...never needs changing

Nothing like it on the market! This great disc can be attached to a Ford Tractor in a minute or less. You lift it off the ground by just moving the Ford Tractor Hydraulic Touch Control lever. Speed down the highway with no wearing or chipping of blades.

In the field, you lift the disc for turning. This prevents ridging dirt, saves time and fuel. Lift it over wet spots and for backing, too. There's never any pulling at ropes or levers. "Fixed" angle of gangs and rigid frame give level, uniform result at any depth desired.

Mrs. L. G. Bruder has sold her farm west of Mokena and she and her family expect to move to Chicago within a short time where they have rented an apartment. The farm has been old to Mr. and Mrs. John Matasovic of Chicago. Mrs. Matasovic's parents, Mr. and Mrs. Stass of Chicago will move to the farm when the Bruder's have vacated it. The Bruder's have lived in Mokena for more than 30 years.

James Murphy who underwent surgery a few weeks ago, is recuperating nicely in his home. Mr. and Mrs. William Wood of Tinley Park, parents of Mrs. Murphy, were their Thanksgiving day guests.

Six Great Lakes navy recruits were dinner guests of Mr. and Mrs. Darrell Manhart and family Thanksgiving. They were Paul Farrell, Saginaw, Mich., John Vilner, Jackson, Mich., Erhard Wolf, Altamont, Ill., Charles Warren, Texas, Gene Crawford, Wheatridge, Colo., and Robert Cambier, Orange City, Iowa. Needless to say, the boys enjoyed the day and did justice to the turkey dinner. Mr. Manhart went to Chicago to get the boys. They returned by train.

Guests for Thanksgiving in the Robert Nieman home were Mr. and Mrs. Robert Hohenstein and family, Mr. and Mrs. Lester Nieman and family of Harvey and Peter Nieman from Blue Island.

Mrs. Kate Cooper and Miss Celia Cooper enjoyed Thanksgiving with their son and brother, the Everett Cooper family.

William Pritchard, teacher in the Orland high school and who makes his home with Mrs. Jessie Sippel, spent the holiday weekend at his home in Eldorado Springs, Mo.

Mrs. J. L. Doyle left last Tuesday to spend the holidays with her sister Mrs. Victor Cavener and daughter Martha Jo at Oklahoma City, Okla.

Miss Pearl Powers of Chicago was a guest of Mrs. William Semmler and family Sunday.

Mr. and Mrs. Hugh Deadmore, Mr. and Mrs. Andrew Cappel and Mr. and Mrs. Bert Spiess were guests at a pinocle party in the home of Mr. and Mrs. Joe Johnson in Joliet Saturday evening.

Two sisters from the Bensonville orphanage for Thanksgiving and over the weekend in the W. A. Muehler home, were Ruth and Paulette Petrokovitz. Mr. and Mrs. Glen Schroeder and family were dinner guests.

Guests of Mr. and Mrs. Albert Cappel for Thanksgiving were Mr. and Mrs. Harold Cappel and family of Chicago; Mr. and Mrs. Marvin Cappel and family, Frankfort; Mr. and Mrs. Wesley Cappel and family; Mr.

and Mrs. Dave McMillan and Mrs. Emma Cappel all of Mokena; Hugh Krusemark and Mr. and Mrs. Eli Peterson of Truett, Minn., and the latter's son Lee who is in the service and who joined his parents at Mokena for a few days. Mr. Krusemark and the Petersons returned to Minn. Monday.

Mrs. Whitney Carter is seriously ill in her home.

Cecil Krusemark is taking advanced mechanical training with the Eastern Airlines at Miami, Fla. for a month. He expects to return home in about two weeks. He wrote his sister, Mrs. Wesley Cappel that they had a few days of cold weather.

Mr. and Mrs. Fred Lehmann opened their home to four students from foreign countries Sunday, who are studying at the Chicago University. They were Miss Francoise Nanin, Lille, France, who is studying library science; Jenny Podoluk, Ottawa, Canada who is in the employ of the Canadian government; Michel Calice, Paris, France, studying political science and Ching Tsao, Shanghai, China, taking civil engineering at the Illinois Technical college. At present he will not be able to return to his home when his schooling is completed because of our country's ruling that no students with his knowledge can return to Communist China. Needless to say all had a most pleasant day. Mr. and Mrs. Lehmann each year open their home to students thru a service of the YWCA conducted by Miss Dorothy Powell who locates homes where students could enjoy the holidays. Thanksgiving or Christmas. There are nearly 300 such students from foreign countries who feel the absence of their home-ties during these special days more keenly.

Miss Waldtraut Speer, exchange student at the University of Illinois from Germany was a week end guest of Mr. and Mrs. Ludwig Thiel.

Karen Jean DePorto, daughter of Mr. and Mrs. Wayne DePorto, and Dawn Ruth Doctor, daughter of Mr. and Mrs. Gordon Doctor, were baptised in St. John's church Sunday morning.

Miss Doris Hingspeter was honored at a pre-nuptial party by the Sunday school staff members of St. John's church last Monday evening. A variety of games were played, a lunch was served around beautifully decorated tables and the bride-to-be received table pottery as a wedding gift. Miss Hingspeter is a teacher in the junior department of St. John's Sunday school. Her marriage to George Sangmeister of Frankfort is to be in St. John's church at 7:30 Saturday evening.

Mr. and Mrs. George Abbe returned recently from a 10 day motor trip which took them to New Mexico. They fully enjoyed the Carlsbad caverns and their trip through the Ozarks and other southern states. The only bad feature of the trip were the miles between Kankakee and home when they encountered winter roads and weather.

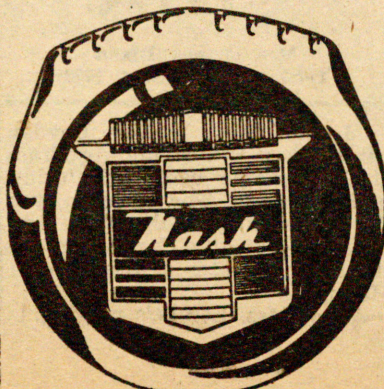

Mrs. Hugh Deadmore attended the last meeting and dinner of the past officers club of Mizpah Council of the Sons and Daughters of Liberty of Joliet. The affair was held in the Joliet hotel Monday noon with six members present. Because of a large number of the members moving to other localities, and others passing away, and the disability of those remaining, it was decided to disband the club. As the closing words were spoken, memories of the many happy years came to mind, and it was with keen sorrow that fond and loving farewells were spoken. Mrs. Deadmore was the president of the group and has served in all capacities in the lodge and club.

Mr. and Mrs. W. H. Pitman entertained in their home Thanksgiving. Present were: Mr. and Mrs. Bristal Lauffer of Joliet; Mr. and Mrs. William Schmidt and daughter of Chicago; Mr. and Mrs. Stanley Piner and family of Grant Park; Miss Alburn Steele, Chicago; George Lauffer, Mokena and Mr. and Mrs. Arthur Hutelin and family of Elmwood Park. Mrs. Hutelin is a niece of Mrs. Pitman.

Adolph Olson of Brooklyn, N. Y. is spending several weeks with his sister-in-law, Mr. and Mrs. Anton Benson. It has been 30 years since Mr. Olson has visited the Benson family.

Build Bigger Crop Yields for Defense Program By Using More Plant Food, Brannan Urges

SECRETARY OF Agriculture Brannan's recent statement that fertilizer is one of the most vital tools for boosting crop production to meet America's emergency food and fiber needs, was cited by the Middle West Soil Improvement Committee as a reason why farmers should give plant food a top listing in any soil management program.

Mr. Brannan pointed out that the threatening international situation and our own mobilization program have created a new and sudden demand for a greatly increased farm output. This new demand, he said, comes at a time when farm production is already at a high level and virtually every acre is under production.

The application of increased quantities of fertilizer, he said, "is the farming practice which provides one of the biggest opportunities for increasing all agricultural production in behalf of the defense efforts."

"Although the total acreage of cropland was not increased significantly during the past 30 years," he added, "farmers found several ways of increasing production to keep pace with our growing population. Mainly this was done through mechanization, improved crop varieties, better pest control, fertilization and improved cultural practices."

Fertilizer doubles wheat yield on Ed Doubet's Hanna City (Ill.) Farm.

Farmers have more than tripled the use of fertilizer in this 30 year period, said Mr. Brannan.

Stressing that we must speed up our rate of agricultural production to meet urgent emergency needs, he said that "we are looking on fertilizers as the key for accelerating immediate production and improving soils for sustained production at high levels."
